## BCSSA ODC Interclub Availability 2018-2019 Season

The Officials Development Committee has collected availability for Interclub competitions from Level 1 and above Referees, Starters and Recorders. As BCSSA is still awaiting confirmation of funding amounts from all available sources, at this time the ODC **cannot** confirm financial support for officials to Interclub competitions this season. Therefore, ODC will **not** be assigning officials to Interclubs at this time.

Interclub hosts (Meet Coordinators) are encouraged to be in contact **as soon as possible** with the available officials (see below) to make arrangements. If necessary, please contact ODC to exchange contact information and/or to request guidance in selecting appropriately-certified officials for events. Officials may also contact ODC if they are looking for specific competition experience for upgrading and are requesting support to arrange the opportunity. Note that **interclub hosts are not required to use all/any of the identified officials**; this list is provided as a resource only. A complete list of all certified BCSSA officials is available on the [BCSSA website](#).

BCSSA ODC **will** be assigning officials to the TEAM BC ST Selection Trials, TEAM BC LT Selection Trials, BC ST Championship and BC LT Championship. The assignments for these events will be released within the next two weeks.

ODC would like to take this opportunity to thank all our officials for their time and dedication to the sport, without which, our athletes would not have the opportunity to improve as they strive to be the best they can be. ODC wishes to thank all our senior officials for the continued mentorship and support shown to our new officials.

Should you have any questions or concerns please feel free to contact the ODC committee at your convenience.

Thank you,

BCSSA ODC
