Best Practices

- **Categories:** Consider registering skaters in minimum pertinent category such as Club Athlete. Upgrades will later be required if racing is permitted within Return to Sport Guidelines.
- **Multiple Categories:** If members participate in multiple categories, they must register into each category (add each membership to cart). Most expensive membership category will be charged.
- **Insurance:** Only completed memberships in IceReg are valid for insurance purposes. Memberships are not retroactive.
- **Privacy:** Collect required information only and consider privacy laws
 - Collect medical information such as pertinent history and allergies. Pertinent information should be shared with coaches.
 - BC Services Card number, doctor names, etc. should not be collected.
- **Programming:** Simplify club programming requirements according to registration categories.
- **Payment Groups:** Available by request for members using JumpStart, Kidsport, etc.
